

DEFENDER® CHLORINE-FREE DETERGENT

DEFENDER® IS THE NEXT GENERATION OF CHLORINE-FREE DETERGENT AVAILABLE TO DAIRY FARMERS.

Defender® uses organic acids as key active components which then utilizes bacteriostatic technology to cause inactivation of harmful bacteria in pipelines and on surfaces.

- All-in-1 Chlorine Free detergent.
- Blended acids providing a optimized synergistic action.
- Cleans and descale at the same time.
- Suitable for bulk tanks and milking parlours.
- Nitrate free acid detergent.
- Perform CIP in one step.
- Dissolves biofilm build up.
- No changing of solutions.
- Eliminate the use of chlorinated detergent.
- Very low corrosive effect at recommended dose rate.
