- High level of emollients instantly hydrate skin to minimize chapping and soreness
- Rapidly boosts the herds defence against harmful mastitis pathogens
- Developed by Science, Trusted by Farmers

Available in
20, 60 and 200 litres

APPLICATION

Bacto-Lac® ready-to-use teat spray can be applied as a spray, dip or foam. Spray high visibility Bacto-Lac® on teats, no wiping necessary, pre or post milking for healthy teats.

BENEFITS AND FEATURES

Bacto-Lac® was designed to directly target mastitis-causing bacteria such as e-coli and salmonella. Bacto-Lac® contains a distinct blend of emollients which moisturizes and heals skin cracks while Eucalyptus essential oil deters flies and provides cooling effects on the teat.
