

IDO MIL TEAT SPRAY

THIS BEST-SELLING TEAT DISINFECTANT DELIVERS PERFECTLY BALANCED PROTECTION FOR YOUR COWS.

- Contains 5000ppm of iodophor and 1000ppm of lactic acid
- Formulated using highly effective PVP-iodine technology (as used in hospital disinfectants), which is very gentle on the skin to help provide superior teat condition
- A ready-to-use teatspray or dip for all year-round protection
- Contains high levels of emollients chosen for their humectant properties to smooth and soften the skin and reduce cracks
- Contains surfactants for cleaning and foaming ensuring the teat is kept clean all the time
- Rapid bactericidal action showing that the product is effective against a wide range of common mastitis-causing bacteria
- Has a highly visible dark brown colour, which quickly and easily indicates which cows have been effectively dipped or sprayed
- Stabilized at high and low temperatures
- Contain Eucalyptus oil for fly prevention and promote wound healing

Available in
20, 60 and 200 litres
