

HOOF & HEAL

REVOLUTIONARY FOOT BATH OR SPRAY

HOOF & HEAL IS A REVOLUTIONARY NEW FORMULA THAT PROVIDES CARE FOR THE HOOVES OF DAIRY COWS AND OTHER UNGULATES, WITHOUT RISK TO THE HEALTH OF THE ANIMAL OR THE FARMER.

Hoof & Heal uses disinfectants, antiseptics and essential oils. Completely biodegradable and free of heavy metals and formaldehyde, Hoof & Heal is the environmentally safe hoof care option.

- Hoof & Heal is a blend of organic acids, antiseptic compounds, essential oils and humectants.
- Targets hoof lesions.
- Safe, non-toxic and biodegradable.
- Does not contain copper, formaldehyde or antibiotics.
- Less labor intensive with lower frequency of use.
- Hoof & Heal can be used as a spray or in a foot bath.
